

O A E S D

OREGON
ASSOCIATION
of
EDUCATION
SERVICE
DISTRICTS

2021
OVERVIEW

Great Service.
Even Greater
Together.

Working together for the nearly 600,000 students of our state, Oregon's 19 Education Service Districts are instrumental in building a powerful and equitable system that serves students from birth to age 21.

WE ARE

ESDs are
essential
leaders in
implementing
critical P-20
programs.

- » A network of ESDs that together serve 197 school districts across the state of Oregon
- » Nimble and responsive! We develop and deliver the services and training districts need.

OAESD provides leadership and often fills voids in the service continuum.

The OAESD Network is flourishing as an innovative, responsive system that builds and delivers cost-effective programs to every corner of the state. The network provides leadership in implementing statewide initiatives and supporting regional ESDs as they respond to local school district needs. OAESD is known for excellence and efficiency.

In partnership with Alaska and Washington, OAESD is a member of the Region 16 Comprehensive Center (www.r16cc.org). The Center's goal is to help state education agencies implement plans for the Every Student Succeeds Act and improve student academic achievement for all students.

ESDs respond to the unique and pressing needs of local school districts and communities.

Each school district has different needs, and Oregon's ESDs offer a broad spectrum of solutions. By fostering collaboration and providing economy of scale in service delivery, ESDs:

1. Ensure an equitable and excellent education for all children in the state.
2. Implement the Oregon Educational Act for the 21st Century.
3. Support the attainment of high standards of performance by Oregon students.
4. Facilitate inter-organizational coordination among education, social service, health care and employment training agencies.

Since the Oregon Legislature established ESDs, hundreds of unique ESD services have helped students and teachers excel.

United in our goal, the OAESD Network ensures that services are available to all schools and all students.

"Without ESDs, it would be extremely challenging to meet the needs of our most vulnerable student population—those with disabilities. All it takes is a phone call to my ESD when I need something. I don't even think twice about asking, because they are always willing to put their energy into helping our district."

Kathleen Rodden-Nord, Superintendent, Junction City School District

OUR ROLE

From preschool to college and/or career, ESDs are partners in students' educational journeys every step of the way.

Statewide services supported, implemented and led by ESDs include:

- » **EARLY INTERVENTION (birth–3) and EARLY CHILDHOOD SPECIAL EDUCATION (ages 3–5)** services for young children with developmental delays and disabilities. Eight ESDs contract with the Oregon Department of Education to offer children and their families support.
- » **REGIONAL SERVICES.** ESDs provide direct services to students aged birth to 21 with low-incidence disabilities such as Hearing, Vision or Orthopedic Impairment, or Autism.
- » **STUDENT SUCCESS ACT.** ESDs provide a network of liaisons and work directly with school districts to develop and support the implementation of educational strategic plans to improve access and opportunities for all students, particularly for students who have been historically underserved in the education system.
- » **SPECIAL EDUCATION SERVICES.** ESDs provide direct instruction and related services to children and students with special needs, their families and school districts.
- » **SCHOOL SAFETY AND PREVENTION SYSTEM.** ESDs provide a network of regional specialists to work directly with school districts to establish and provide training and consultation for a comprehensive school safety and prevention model centered on equity, racial equity, and access to mental healthcare and services.
- » **EDUCATOR NETWORKS.** ESDs provide a collaborative network of resources to assist school districts in the recruitment and retention of quality education professionals. Mentorship and support are also provided to foster career development for these educators.

What school districts **love** about their ESDs:

DIRECT TEACHER SUPPORT

ESD professional development, instructional coaching and mentorship programs help teachers be more effective.

LOCAL SERVICE PLAN FLEXIBILITY

ESDs work with their partner school districts to tailor a Local Service Plan addressing individual district needs.

STUDENT SUCCESS ACT REGIONAL PLANNING

ESDs are able to provide customized, comprehensive support for every step of the process from community engagement to performance support.

DIRECT OPERATIONAL SUPPORT

ESDs support schools by providing access to technology, legal services, human resources and business/administrative expertise.

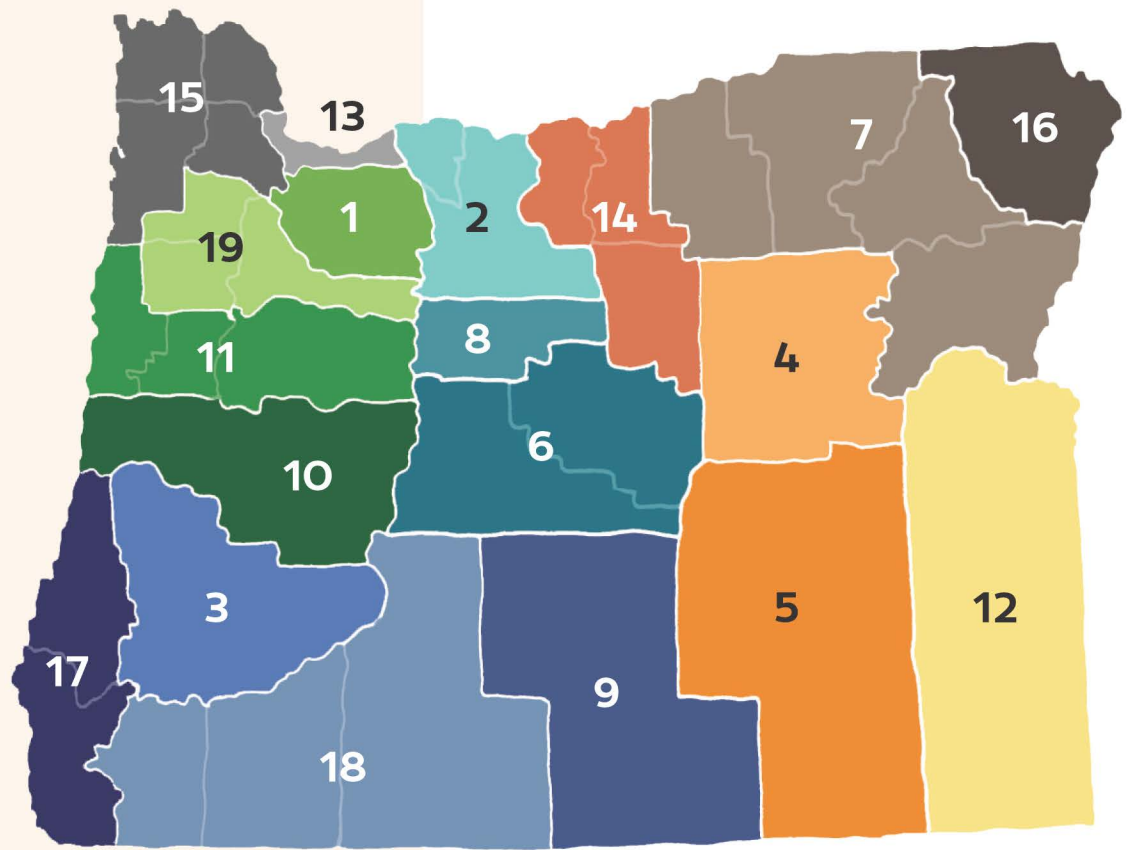

ESD FUNDING MODEL

The state school fund (SSF) provides the majority of ESD funding, but ESDs also bring millions of additional dollars to Oregon's education system through state and federal grants and entrepreneurial efforts.

19 ESDs

1. **CLACKAMAS ESD**
Jada Rupley,
Superintendent

"ESDs are key and valuable partners with ODE in supporting and implementing initiatives such as Oregon's Student Success Act which reach every school district in the state"

Colt Gill, Director of the Oregon Department of Education
